Name Kathleen A. Watson

Address 741 Parry Dr. Chadron, NE 69337

Phone 308.432.5048

How far away from my property is Crow Butte Resources ISL uranium mine 25-30 mi.

Do you or anyone in your home have health issues? yes

Examples my husband died 2010 Pancreatic cancer

Do you have issues with your water on your property? no

Examples _____

Do you believe that In Situ Leach mining can damage ground water, aquifers? yes

Do you believe recent research on In Situ leach mining should be considered? yes

Do you believe the Oglala Sioux Tribe, as neighbors should have been formally consulted in the permit process? yes

Do you believe the Final Environmental Assessment violates the National Environmental Policy Act in concluding that the short-term impacts from consumptive ground water use during aquifer restoration are MODERATE? yes

Do you believe the Final EA violates policies and regulations by failing to include discussion of ground water restoration mitigation measures? yes

Do you believe the Final EA omits discussion of the impact of tornadoes on the license renewal area, and inadequately discusses the potential impacts from the land application of ISL mining wastewater? _____

Do you believe the Final EA violates the National Environmental Policy Act in its failure to provide an analysis of the impacts on the project from earthquakes; especially as it concerns secondary porosity and adequate confinement?

IN MY OWN WORDS:

No one in the country wants this facility in their back yard. We do not want it either. Water issues will continue to become more critical. It's imperative to safeguard all possible water sources.

In the matter of Crow Butte Resources Inc.
License Renewal for the In Situ Leach Facility, Crawford Nebraska

Docket No. 40-8943
