RE: Nuclear License Amendment  
NRC License No. 24-26162-01

Dear Michael-

Construction Materials Testing Group, LLC is seeking the following changes to our license by amendment:

1. Our current Radiation Safety Officer, Mr Erik Troy, no longer is employed with CMTG and therefore, we are requesting a new designated Radiation Safety Officer, Mr. Fred McDaniel, be reflected on the license. Mr. McDaniel was RSO at his previous company and this amendment should have been sent already. We hope we can expedite this request to restore compliance with NRC requirements that were addressed in the routine inspection performed by Mr. Ryan Craffey.

Please notify me if you need additional information too support this amendment.

Sincerely,  
Construction Materials Testing Group, LLC

Allen Holloway

**Model Delegation of Authority**

Memo To: Fred McDaniel, Radiation Safety Officer  
From: Allen Holloway, Lab Manager  
Subject: Delegation of Authority

You, Fred McDaniel, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety; You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time.
