

Appendix C Electronic Request for Additional Information Database

The following notes pertain to the table on the proceeding pages:

- The request for additional information (RAI) question numbers were assigned based on the section of the Standard Review Plan (SRP) that was associated with the question (e.g., question 02.01.02-1 was generated based on the staff's review of the application against Section 2.1.2 of the SRP).
- The NRC letter number is a unique number that was assigned to the letter that transmitted the RAIs to the applicant.
- The applicant's responses to security-related and sensitive information questions (e.g., physical security) are not publically available.
- If the applicant provides multiple responses to a question, the responses are chronologically listed under the question entries.
