As we discussed by telephone on August 11, 2015, we need the following additional information to complete the review of your renewal request.

Training for Individuals

Please submit the training program for individuals working in or frequenting restricted areas. As we discussed by telephone, the previous commitment for this item refers to a document in 2005, and we need to update this information for your 2015 renewal application. The suggested response from the regulatory guide is: "Before using licensed materials, authorized users will have successfully completed one of the training courses described in the Criteria in the section entitled, "Training for Individuals Working In or Frequenting Restricted Areas" in NUREG-1556, Volume 1, Revision 1, dated November 2001". Also please see the attached information from NUREG-1556, Volume 1, Revision 1, dated November 2001. You may wish to use the "suggested response" from NUREG-1556, Volume 1, Revision 1, dated November 2001.

Please send a facsimile (630-515-1078) of your response to the above within 7 days and state, Response to Control 586535. Please include a cover letter on company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your response letter. Please call me at 630-829-9839 if you have any questions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this facsimile and the attached documents will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
