Subject: [External_Sender] Control #588386 (Materials License - Amendment)

Mr. Lodhi,

This email is a follow-up to my July 14, 2015 request to change the mailing address and physical address for Mountaineer Testing Services, Inc. (Doing Business As - Mountain State Bridge, Co.). Mountain State Bridge, Co. has moved to a new location and I would like to transfer the sealed sources to the new location. Mountain State Bridge, Co. possesses two Trolxer 3440 nuclear density gauges. Both gauges have been leak tested in accordance with the manufacturer's recommendations and **NO** leaks have been detected. The leak test records were reviewed by the Radiation Safety Officer and are located at 11 Hanna Farm Rd, Summersville, WV 26651. I will wait for the amended Materials License, prior to transferring the licensed material to the new address.

Please let me know if you have any questions or comments.

Sincerely,
Jackie Hatfield, President & RSO
