Subject: Notification: Memorandum to Docket files - corporate lineage change dated Nov. 18, 2013
Date: Tuesday, September 22, 2015 3:15:01 PM

Mr. Scott Schierman
Sr. Health Safety and Environmental Specialist
Uranium One USA, Inc.
907 N. Poplar Street, Suite 260
Casper, WY 82601

Dear Mr. Schierman:

We completed documentation of the corporate lineage change notification submitted to the NRC by Uranium One dated November 18, 2013. The NRC review in a Memorandum to Docket Files dated September 21, 2015, can be found in ADAMS at Accession No. ML14006A009.

In early 2014, I notified Donna Wichers, former SVP Americas, Uranium One Inc., verbally that our review of the November 18, 2013, submission was completed, but I did not send a written response after our conversation. Uranium One did not request a written response in its November 18, 2013, submission, but since we received a second corporate lineage change dated June 1, 2015, we felt we should formally document both our reviews. We finished the June 1, 2015, submission review on August 6, 2015, (ADAMS Accession No. ML15198A349). Once the June 1, 2015, submission review was completed, we went back to formally document the November 18, 2013, submission using the same Memorandum to Docket format.

Let me know if you have any questions.

Ron C. Linton
