**Subject:** Follow up Questions to Amendment Application

(NOTE: This will be used as the Documents Title in ADAMS)

I called Dr. Karam to get clarification on two items with their amendment request to add one authorized user to their license.

1: I mentioned that the cover letter was signed by a representative of administration but there was no printed name. I asked him if he was the person who signed the application and reminded him to include the printed name of the individual on future submissions. He stated that he was the person who signed the request and that he would try and print his name in the future.

2: I also inquired about the address listed (1834 Harper Road) on his license versus the address on his letterhead (1836 Harper Road). He mentioned that he owned the building that contained the clinic and the addresses assigned to the building were 1834, 1836 & 1838 Harper Road. I will keep the address as listed on the license (1834 Harper Road).

I thanked him for the information ended the call.
