Dear Sir,

CB&I Laurens is requesting an extension of thirty (30) days to finalize the response to the letter referenced above. CB&I is actively gathering the information requested by the NRC in the noted letter, but needs more time to be sure the response is adequate. The letter did not specify a date for submission, but in conversation with Yamir Diaz-Castillo he suggested a response in thirty (30) days and extension letter if more time was needed. Should you have any questions regarding this submittal, please contact Matt Rossignol, Quality Manager, at (864) 683-3986.

Regards,
