## Audit Report

### AUDIT OF THE COMMITTEE TO REVIEW GENERIC REQUIREMENTS

OIG-09-A-06

#### Status of Recommendation

Recommendation 1: Develop, document, implement, and communicate an agencywide process for reviewing backfit issues to ensure that generic backfits are appropriately justified based on NRC regulations and policy.

Agency Response  
September 1, 2015:

The Office of the Chief Human Capital Officer (OCHCO) has recently completed the above- mentioned backfit training program. By e-mail on August 31, 2015, the staff of OCHCO provided a web link to the OEDO to forward to the staff of OIG for confirmation of the completion of this training program. In addition, the Office of the General Council has reviewed and approved the backfit training program.

In accordance with your April 23, 2015, memorandum to the OEDO, after your review of the final backfit training program, we anticipate closure of this last remaining recommendation.

OIG Analysis:

The agency's actions meet the intent of the recommendation. Following discussion with the CRGR and OCHCO POC, OIG has reviewed the training module and determined that it provides an adequate basis for an agencywide process that communicates backfit information to the staff, to include references and points of contact. This recommendation is therefore closed.

**Status:**

Closed.
