General Comment

I've been reading(Today 9/8/2015) about how polluted nuclear wastes are threatening our prisoners in our jails, ADX Florence Colorado and A USP Thomson Illinois. Specifically how our Law is not being followed by our so called govt! The article(s) also make clear how much in danger people have been placed in the surrounding areas already contaminated causing deaths and sicknesses. They also show how poorly 'our' corporations have treated there Responsibilities!

Put the problems together, and there is only one choice! Zero Tolerance! As there is No-Threshold for Nuclear Materials or Wastes!

Therefore, go back to the Basics, Start Protecting the Peoples , as corporations are making too much already and only share the 'WASTES' onto the Peoples!
