5. DATES OF INSPECTION

July 15-24, 2015

**LICENSEE:**

The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows:

- 1. Based on the inspection findings, no violations were identified.
- 2. Previous violation(s) closed.
- 3. The violation(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy to exercise discretion, were satisfied.

Non-Cited Violation(s) was/were discussed involving the following requirement(s) and Corrective Action(s):

- 4. During this inspection certain of your activities, as described below and/or attached, were in violation of NRC requirements and are being cited. This form is a NOTICE OF VIOLATION, which may be subject to posting in accordance with 10 CFR 19.11.

**Licensee's Statement of Corrective Actions for Item 4, above.**

I hereby state that, within 30 days, the actions described by me to the inspector will be taken to correct the violations identified. This statement of corrective actions is made in accordance with the requirements of 10 CFR 2.201 (corrective steps already taken, corrective steps which will be taken, date when full compliance will be achieved). I understand that no further written response to NRC will be required, unless specifically requested.

Julie,

As discussed with you I have reviewed the additional files I asked for. Attached you will find the NRC Form 591M in reference to the NRC inspection conducted July 15-16, 2015, at your facility located at #1 Trigon Place, in Little Rock, Arkansas. The inspection was an examination of activities conducted under your NRC license as it relates to safety, security and compliance with the Commissions' rules and regulations and with the conditions of the license. Within the scope of the this inspection, no violations were identified; therefore no response to this correspondence is required.

If you have any questions about the inspection or the 591M, please feel free to contact me.

Regards,

Rick:  
Just got an issue summary in the mail from NRC & it was addressed to the old PO box. Could you please have them change it from PO Box 55105 to PO Box 30970 Little Rock, AR 72260 (or let me know who to notify)  
Thanks & Have a great day!!!!
