Subject: [External_Sender] Availability of the Field Sampling and Dose Assessment Plan for West Valley Aerial Radiation Survey Follow-up Work
Date: Monday, August 24, 2015 1:32:46 PM
Importance: High

Good afternoon,

The Field Sampling and Dose Assessment Plan will be emailed to you for your review on September 2, 2015. This is one week later than initially planned. We continue to ask for any comments you may have on the plan within 5 working days. Taking into account the holiday on September 8, we ask that you provide comments by COB Wednesday September 9, 2015. I apologize for any inconvenience this may cause, and I thank you for your understanding in regard to the short turnaround time for your input. This is necessary to allow all needed work to be completed by the November 18th Quarterly Public Meeting.

Please contact me if you have any questions.

-Paul
