Docket No: 030-01295
Control No: 588638

Dear Mr. Fomenko,

Please reply to this email to confirm receipt.

This is in response to your amendment request dated August 4, 2015, requesting to appoint Dr. Wesley Byerly as UConn Health's management representative for NRC licensing actions and the Radiation Safety program. In order to continue our review, we need the following additional information:

Please submit a **signed** copy of the delegation of authority over NRC licensing actions and Radiation Safety program from Andrew Agwunobi, M.D., Executive Vice President for Health Affairs.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov<<http://www.nrc.gov>>; select Nuclear Materials; Med, Ind, & Academic Uses; then Licensee Toolkits, see our toolkit index page. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

You may respond to my attention in writing by letter, email (if letter is signed by senior management and scanned into a pdf format), or fax (610-337-5269), referencing mail control number 588638. If we do not receive a reply from you within 30 days, we will assume that you do not wish to pursue your application.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities."

Thank you for your cooperation. Please feel free to contact me by telephone or e-mail if you have any questions.

Sincerely,

Jan Nguyen
