Dear Ms. Henderson:

Please find enclosed Florida's proposed License Condition to address implementation of 10 Code of Federal Regulation (CFR) Part 37 "Physical Protection of Byproduct Material." The legally binding requirements correspond to the following equivalent amendments to NRC's regulations.

Rats ID	Title	State Section
2013-1	10 CFR Part 37 "Physical Protection of Byproduct Material"	License Condition

We have included language indicating when this condition will become effective and at that time the condition will supersede any previous Increased Control requirements. In amendments after the effective date we plan on removing this introductory sentence (red text) and deleting any Increased Control requirements from the license.

Please contact me if you have any questions or need further clarification. My phone number is (850) 245-4043 or you may reach me by e-mail at [Mike.Stephens@FLHealth.gov](mailto:Mike.Stephens@FLHealth.gov).

Sincerely,
