Subject: Request for additional information re Walsh Construction - Indiana

Dear Mr. Raymond:

We have reviewed your application. It appears that your application was prepared using an out dated guidance (NUREG-1556, Volume 1 dated May 1997). The current guidance regarding the scope of your program is NUREG-1556, Volume 1, Revision 1 dated November 2001. Please provide the following statements or alternatives.

- 1) Before obtaining licensed materials, the proposed RSO will have successfully completed one of the training courses described in Criteria in the section entitled "Individual(s) Responsible for Radiation Safety Program and Their Training and Experience – Radiation Safety Officer" in NUREG-1556, Vol. 1, Rev. 1, dated November 2001.
- 2) Before using licensed materials, authorized users will have successfully completed one of the training course described in Criteria in the section entitled "Training for Individuals Working In or Frequenting Restricted Areas" in NUREG-1556, Vol. 1, Rev 1, dated November 2001.
- 3) We will either possess and use, or have access to and use, a radiation survey meter that meets the Criteria in the section entitled "Radiation Safety Program – Instruments" in NUREG-1556, Vol. 1, Rev. 1, dated November 2001.
- 4) Either we will maintain, for inspection by NRC, documentation demonstrating that unmonitored individuals are not likely to receive a radiation dose in excess of 10 percent of the allowable limits in 10 CFR Part 20, or we will provide dosimetry processed and evaluated by an NVLAP-approved processor that is exchanged at a frequency recommended by the processor.
- 5) We will implement and maintain the operating and emergency procedures in Appendix H of NUREG-1556, Vol. 1, Rev. 1, dated November 2001, and provide copies of these procedures to all gauge users and at each job site.
- 6) We will implement and maintain procedures for routine maintenance of our gauges according to each manufacturer's recommendations and instructions.
- 7) We will use the licensed material at our temporary job sites in the NRC's jurisdiction.

Additionally, please provide a copy of your current portable gauge license issued by Illinois.

For your references, the current NUREG-1556, Volume 1, Revision 1 is published on the NRC's website at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/v1/r1/>. Please provide a response in writing with date and authorized signature by October 29, 2015. In addition, please refer Mail Control No. 588715 (ATTN: Frank Tran) in your response to facilitate proper mail handling in our office.

You could fax your response to 630-515-1078.

If you have any questions regarding the above, please do not hesitate to contact me at 630-829-9623 or reply to this email.

Sincerely,

Frank Tran
