Linear No-Threshold Model and Standards for Protection Against Radiation

Comment On: NRC-2015-0057-0086

Linear No-Threshold Model and Standards for Protection Against Radiation; Extension of Comment Period

Document: NRC-2015-0057-DRAFT-0338

Comment on FR Doc # 2015-20722

Submitter Information

Name: Elizabeth Barrett

General Comment

I do not for a minute believe that low doses of radioactivity are good for people. I trust the LNT or Linear No-Threshold basis for radiation, not the proposed hormesis theory, which would be making guinea pigs of all of us no doubt for the benefit of the bottom lines of the groups behind this proposed outrageous change. Please protect all of us by maintaining the LNT theory. Thank you.
