MEMORANDUM TO: Robert E. Kahler, Acting Deputy Director  
Division of Preparedness and Response  
Office of Nuclear Security and Incident Response

FROM: Joseph D. Anderson, Chief **/RA/**  
Operating Reactor Licensing and Outreach Branch  
Division of Preparedness and Response  
Office of Nuclear Security and Incident Response

SUBJECT: SUMMARY OF PUBLIC MEETING BETWEEN THE U.S. NUCLEAR  
REGULATORY COMMISSION, THE NUCLEAR ENERGY  
INSTITUTE, AND INDUSTRY ON EMERGENCY PREPAREDNESS  
FREQUENTLY ASKED QUESTIONS HELD ON  
SEPTEMBER 24, 2015

The purpose of this Category 2 public meeting with industry representatives, held on September 24, 2015, was to discuss emergency preparedness frequently asked questions (EPFAQs) as proposed in the Agencywide Documents Access and Management System (ADAMS) Accession Number No. ML15247A499. The public meeting notice is in ADAMS Accession No. ML15260A354.

The questions and proposed solutions were considered drafts and do not necessarily reflect the Nuclear Regulatory Commission (NRC) staff's position and have not been formally accepted for processing.

The staff reiterated the process that industry generated EPFAQs should be reviewed, compiled, screened, and submitted to the NRC by the Nuclear Energy Institute (NEI). However, this does not preclude anyone from submitting EPFAQs directly to the NRC via the emergency preparedness section of the NRC public website (<http://www.nrc.gov/about-nrc/emerg-preparedness/faq/faq-contactus.html>).

For those EPFAQs not generated by NEI, but dealing with NRC-endorsed industry guidance, the staff intends to submit EPFAQs accepted for review to NEI in order to facilitate NEI/industry input for the NRC's consideration on the proposed final resolution.

Members of the public were provided an opportunity to provide comments.
