Hi John:

Apparently when I converted the document to PDF it lost the table contents. I am not quite sure why that is so I am attaching Appendix 3 bas a Word file. Please let me know if there are problems with this attachment.

Thanks  
Mike

**Subject:** [External\_Sender] Response to comments on LC 12.10

Hi John:

Attached is Strata's response to NRC comments on the QA Plan required under LC 12.10. The original will be sent certified mail to the Document Control Desk tomorrow. The revised QAP will be provided with the next set of SOPs to support preparation for the preoperational inspection.

Please let me know if you have any questions. According to my reckoning I think this is the last outstanding response related to preoperational License Conditions but please let me know if I have overlooked anything.

Thanks

Mike
