ADDITIONAL INFORMATION (Reference applicable block numbers from page 1 and/or page 2 for each entry)

Here is a brief summary of what Best Theratronics will do in removing the GammaCell 1000 Elite Serial#250 back to Canada for disposal:

- Hire an approved transport company to ship the new Gammcell 3000 to the Community Blood Center
- Hire local riggers to assist the Best Theratronics technician to move the GammaCell 1000 from the current location to the loading dock where it is packed in the over pack for transport back to Canada.
- In most cases the metal stand, covers and electronics will be disposed of locally by the blood center. If that is not possible, Best Theratronics can bring it back to Canada as well, but is is not the preferred solution.
