Dear Ms. Garcia:

We have reviewed your letter dated July 17, 2015, in which you provided information about a transaction involving a change in ownership over a hospital where Saint Louis University provides certain services under NRC license number 24-00196-07. In your letter you stated that you believed that the transaction did not constitute a change of control of the license.

Based upon our review of the information that you provided, we agree that a change in ownership, or transfer of control of the license did not occur. Therefore, no further action is required by St. Louis University, or the NRC.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9854.

Sincerely,
