Linear No-Threshold Model and Standards for Protection Against Radiation; Extension of Comment Period

Document: NRC-2015-0057-DRAFT-0359

Comment on FR Doc # 2015-20722

Submitter Information

Name: Geoff Thompson

General Comment

Please do not change the Linear No Threshold standard for radiation exposure. The risk of exposure from background natural and human caused radiation is already too high, therefore the nuclear industry must be regulated at the current level, or preferably at a greater level.
