Audit Report

AUDIT OF NRC'S TELEWORK PROGRAM

OIG-10-A-13

Status of Recommendations

Recommendation 6: Develop and implement a management directive and handbook for the telework program.

Agency Response Dated
September 28, 2015:

Agree. OCHCO is currently working on a new telework web page. This will take the place of a Management Handbook. The expected completion of the web page is November 30, 2015. The Office of Administration has granted OCHCO an extension to August 31, 2017, to complete the MD. The completion date was delayed pending negotiation of the new Telework Article in the Collective Bargaining Agreement.

OIG Analysis:

The proposed corrective action addresses the intent of OIG's recommendation. This recommendation will be closed when OIG (1) reviews the final management directive on the telework program, and (2) receives documentation that the management directive has been implemented.

Status:

Resolved.
