Dear Sir,

I am writing to inform the U. S. NRC Region III office that on September 10, 2015, R. M. Wester and Associates, Inc. removed the two Texas Nuclear Products, Model 5201, Cs-137, 100 mCi sources (manufactured June, 1991) with serial numbers B1867 and B1868 from the St. Louis Metropolitan Sewer District, located at 10 East Grand Avenue, St. Louis, MO 63147. We understand that these two sources were held under a general license and are now held under R. M. Wester and Associates, Inc.'s license until they can be shipped out for disposal at a future date.

If you have any questions about these sources or require any more information then please contact Joe Koch at (636)928-9628 or jkoch@rmwest.com. He will be happy to provide any further information.

Sincerely,
R. M. Wester and Associates, Inc.
