Dear Ms. Henderson:

Enclosed is a copy of the final revisions to the Maryland Radiological Health Rule Code of Maryland Regulations (COMAR) 26.12.01.01 (Adopted September 9, 1995 and Effective October 9, 1995) Supplements 25 and 26. The final regulations are identified by line-in/line-out text and a copy of the final text. These Maryland regulations correspond to the following equivalent amendments to NRC's regulations.

Rats ID	Title	State Section
2012-4	"Requirements for Distribution of Byproduct Material"	Supplement 25 C.4, C.22, C.28
2013-1	"Physical Protection of Byproduct Material"	Supplement 26 Part V

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200. If you have any questions, please feel free to contact Ray Manley of my staff at 410-537-3191 or at raymond.manley@maryland.gov

Sincerely,

Roland G. Fletcher, Program Manager IV
Radiological Health Program
Air and Radiation Management Administration
