Subject: Hematite Decommissioning Project - Notification of the Forwarding of  
Radiological Data to Laclede Gas Company and Missouri Department of Natural  
Resources in Regards to the Natural Gas Transmission Line (License No. SNM-  
00033, Docket No. 070-00036)

The purpose of this letter is to provide the U.S. Nuclear Regulatory Commission (NRC) notification that Laclede Gas Company representatives completed a site visit and tour of the remediated natural gas line area on October 8, 2015. During this visit, Missouri Department of Natural Resources (MDNR) representatives were also in attendance.

The purpose of this letter is to also notify the NRC that, as discussed during the October 15, 2015, Publicly Noticed Teleconference, Westinghouse has forwarded to the MDNR copies of the radiological data that was supplied to Laclede Gas Company during the site visit on October 8, 2015. One additional dataset regarding vapor intrusion (VI) in a trench will be provided to Laclede and MDNR on or before October 22, 2015.

Please contact Kenneth Pallagi at 314-810-3353, should you have questions or need additional information.

Sincerely,

Gay M. Fussell  
Deputy Director,  
Hematite Decommissioning Project
