

October 27, 2015

Mr. James A. Gresham, Manager
Regulatory Compliance and Plant Licensing
Westinghouse Electric Company
1000 Westinghouse Drive
Cranberry Township, PA 16066

SUBJECT: VERIFICATION LETTER OF THE APPROVED VERSION OF WESTINGHOUSE ELECTRIC COMPANY TOPICAL REPORT EDR-1, "eXtra SAFETY AND MONITORING SINGLE FAILURE PROOF CRANES," REVISION 7 (TAC NO. MF2938).

Dear Mr. Gresham:

By letter dated September 17, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML15267A018), Westinghouse Electric Company (Westinghouse) submitted an approved ("A") version of Topical Report (TR) EDR-1, "eXtra Safety and Monitoring (X-SAM®) Single Failure Proof Cranes," Revision 7, to the U.S. Nuclear Regulatory Commission (NRC) staff. Westinghouse has done so in accordance with our request to publish the approved non-proprietary version of this TR, as detailed in the transmittal letter (ADAMS Accession No. ML15243A181) of the NRC staff's final safety evaluation for the original TR.

The NRC staff has completed its review of the approved version of the TR. The NRC staff verified that Westinghouse has met the requirements and determined that the submitted "A" version is acceptable for referencing in licensing applications for single failure proof crane & hoisting designs and for AP1000 designed pressurized water reactors to the extent specified and under the limitations delineated in the accepted versions of the TR. TR EDR-1, "eXtra Safety and Monitoring (X-SAM®) Single Failure Proof Cranes," Revision 7, is now approved for use in future licensing actions.

Please contact Ekaterina Lenning of my staff at (301) 415-3151 if you have on questions on this subject.

Sincerely,

/RA/

Mirela Gavrilas, Deputy Director
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation
