SUBJECT: ERRATA FOR SECURITY ADDENDUM TO INSPECTION REPORT  
NO. 03009376/2015001(DNMS) DATED OCTOBER 1, 2015 –  
KARMANOS CANCER CENTER

Dear Dr. Rakowski:

This is an errata to correct the U. S. Nuclear Regulatory Commission (NRC) Security Addendum (addendum) to Inspection Report No. 03009376/2015001(DNMS) dated October 1, 2015. The addendum incorrectly stated that Wayne State University's pre-employment background investigation of an individual included an FBI criminal history records check; however, your staff conducted the individual's FBI criminal history records check.

Enclosed is the revised addendum that correctly presents the specifics of the apparent violation. We regret any inconvenience this may have caused.

In accordance with the Title 10 of the *Code of Federal Regulations* (CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and your response, if you choose to provide one, will not be made available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html> because this issue involves security-related information. If you do respond, please mark the top of each page with "Security-Related Information – Withhold Under 10 CFR 2.390". To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be made publicly available without redaction.

Enclosure contains Sensitive Unclassified  
Non-Safeguards Information. When  
separated from the Enclosure, this  
transmittal letter is decontrolled.

J. Rakowski, Ph.D.
