II. Discussion

The NRC is issuing for public comment the draft plant-specific Supplement 56 to the GEIS for license renewal of nuclear plants, NUREG-1437, regarding the renewal of operating license, NPF-43 for an additional 20 years of operation for Fermi 2. Supplement 56 to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC's preliminary recommendation is that the adverse environmental impacts of license renewal for Fermi 2 are not great enough to deny the option of license renewal for energy-planning decisionmakers.

III. Public Meetings

The NRC staff will hold a public meeting prior to the close of the public comment period to present an overview of the draft plant-specific supplement to the GEIS and to accept public comment on the document. The meeting will be held at the Monroe County Community College, La-Z-Boy-Center 1555 S. Raisinville Road, Monroe, Michigan on Wednesday, December 2, 2015. There will be a registration period from 6:30 p.m. until 7:00 p.m. The meeting will start at 7:00 p.m. and continue until 9:00 p.m., as necessary. The meeting will be transcribed and will include: 1) a presentation of the contents of the draft plant-specific supplement to the GEIS; and 2) the opportunity for interested government agencies, organizations, and individuals to provide comments on the draft report. To be considered in the final supplement to the GEIS, comments must be provided either at the transcribed public meeting or submitted in writing by the comment deadline identified in the DATES section of this notice. Persons may pre-register to attend or present oral comments at the meeting by

contacting Ms. Elaine Keegan, the NRC project manager, at 1-800-368-5642, extension 8517, or by e-mail at Elaine.Keegan@nrc.gov no later than Tuesday, November 24, 2015. Members of the public may also register to provide oral comments during the registration period prior to the meeting. Individual oral comments may be limited by the time available, depending on the number of persons who register. If special equipment or accommodations are needed to attend or present information at the public meeting, the need should be brought to Ms. Keegan's attention no later than Tuesday, November 24, 2015, in order to provide the NRC staff with adequate notice to determine whether the request can be accommodated. Additional details regarding the meeting will be posted at least 10 days prior to the public meeting on the NRC's Public Meeting Schedule Web site at <http://www.nrc.gov/public-involve/public-meetings/index.cfm>.

Dated at Rockville, Maryland, this 29 day of October 2015.
