

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

October 22, 2015

Mr. Edward Wolbert
Transco Products Inc.
55 E. Jackson Blvd. Suite 2100
Chicago, IL 60604-4166

Dear Mr. Wolbert,

Per your October 13, 2015, request, the U.S. Nuclear Regulatory Commission (NRC) is returning the application XCOM1244 (enclosed) for a license to export thermal insulation, composed of stainless steel sheet metal and foil, to China for use on the reactor vessel at any Changjiang Nuclear Power Plant, Units 1 and 2. This application is being returned without further action.

This letter serves as both confirmation of the NRC's receipt of the request as well as the agency's cessation of the application's review. Should Transco Products Inc., decide to reapply for a license to export, a new NRC Form 7 will need to be submitted with the appropriate fees.

If you have any questions, please do not hesitate to contact Ms. Jane Chimood at 301-415-1575 or Jane.Chimood@nrc.gov.

Sincerely,

A handwritten signature in blue ink that reads "Andrea R. Jones".
