RE: Boiler, and asbestos abatement records for all buildings and facilities at the Jefferson Proving Ground JPG in Madison, IN

Dear Freedom of Information Officer:

**Under the Freedom of Information Act, I am requesting certified copies of any boiler records (subject to but not limited to records of boiler installation, boiler shipping records and invoices, boiler drawings, boiler installation and service instruction manuals, and records identifying boiler manufacturer) pertaining to the above listed location, for all years prior to 1980. We are also looking for any records regarding the presence, the use and or disposal of asbestos within the afore-mentioned facilities, records pertaining to any asbestos abatement performed within the facilities.**

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

I am willing to pay the fees related to processing this request. Please inform me of the estimated fees before processing my request. If you would like to discuss this request in further detail, please feel free to contact me via email at [ftenia@bmmfirm.com](mailto:ftenia@bmmfirm.com) or phone at 212-313-3635.
