General Comment

This project should not be allowed to go forward.
 The Biscayne and Everglades National Parks are put at risk and be forever changed.
 There will be negative impacts on human and other animals' environments.
 Hurricanes may severely damage them.
 Unsightly power lines should not spoil the Everglades.

When will enough be enough? When will we stop being greedy?
 If we don't soon alter our behavior all of our children, grandchildren and future generations will pay a huge price.

I shall never vote for politician who is in favor of this project.

Barbara Bazzone
