In regard to the Requests for Additional Information transmitted in your April 29, 2015 letter, Reference 1, GEH's initially responded in Reference 2. After an additional, internal review by GEH Engineering, it was determined that clarification to our response in Reference 2 was required to eliminate any possible misconception concerning the level of analysis that GEH Engineering performed to address RAI 09.05.01-1.

This revised response replaces the GEH response to RAI 09.05.01-1 in Reference 2 in its entirety.

Enclosure 1 contains the complete response while Enclosure 2 contains the Design Control Document markups associated with this response.
