Subject: [External_Sender] Delay in Response to PSR 2 Corrective Action Plan
Date: Thursday, October 29, 2015 5:46:23 PM

Elise,

Cameco Resources is asking for a delay of 2 weeks for the response to NRC's August 24, 2015 correspondence (ML15202A246) which was received by Cameco on Sept. 2 2015. The letter in question asked for a corrective action plan for Cameco's PSR2 reservoir at the Smith Ranch Highland Mine. Cameco had some last minute internal comments on the corrective action report that required time to facilitate additional revisions. Cameco intends to submit the completed document to NRC no later than Friday Nov. 13, 2015.

Please let me know if you have any questions or concerns on this matter.

Thank You,

Larry Reimann
