ACCEPTANCE OF NOTIFICATION OF NEW PROVOST, CONTROL NOS.
588580 AND 588581

Dear Dr. Wutoh:

This is in reference to the letter dated July 31, 2015, from your Radiation Safety Officer, Dr. Satya Bose, notifying the NRC that you have taken over management responsibility for the radiation safety programs for NRC License Nos. 08-00386-19 and 08-03075-07. We will update our records accordingly. We understand that Dr. Bose has informed you of the status of your licensed program. No further correspondence on this matter is required.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's expectations for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/safety-culture.html>.

Sincerely,
