Dear Barry,

Thank you for your draft report.

One small thing is missing.

10 CFR 32.16 (a)(2) requires that the report must indicate that the products are transferred for use under § 30.15 of this chapter, giving the specific paragraph designation, or equivalent regulations of an Agreement State. Your report did not include this statement. Please include a statement indicating that the products were transferred for use under 10 CFR 30.15, giving the specific paragraph designation, or equivalent regulations of an Agreement State.

Please submit a hard copy of your final report to this address:

ATTN: Document Control Desk/Exempt Distribution
Director, Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

If you have further questions, please feel free to contact me.

Regards,
Eric
