Subject: RE: Request to revise and resubmit Smiths Report dated January 22, 2015 on distribution of exempt quantities in 2014
Date: Wednesday, March 11, 2015 9:17:00 AM

Hello John,

Thank you for the scan of the revised report. I have no further questions. Please also send a hard copy to the address listed on your letter.

Kind regards,
Eric

Mr. Reber

I am sorry for having to keep revising this. However I did find some errors and it is now a much better report.

I will use this as my template going forward.

Thank you for the help getting it correct.

Best regards
John

Dear Mr. Volz,

Thank you for the revised report. Everything looks good except for one thing. Please revise and resubmit your report and, for the products transferred under License No. 19-24009-01E, please provide the total quantity of each radionuclide contained in each type of product/model.

Thank you,
Eric

Subject: Request to revise and resubmit Smiths Report dated January 22, 2015 on distribution of exempt quantities in 2014

Dear Mr. Volz,

As we discussed, please revise and resubmit your report of exempt distribution for 2014. Please address the following items when you revise your report:

- The information concerning the distribution for the two licenses (06-24000-01E and 19-24009-01E) should be separated within your report.
- For the products transferred under License No. 06-24000-01E, please provide an indication that the products were transferred for use under 10 CFR 30.15, giving the specific paragraph designation (for example, 10 CFR 30.15(a)(8) for electron tubes), or equivalent Agreement State regulation(s).
- For the products transferred under License No. 19-24009-01E, please provide an indication that the products were transferred for use under 10 CFR 30.20 or equivalent Agreement State regulation(s).
- For the products transferred under License No. 19-24009-01E, please provide the total quantity of each radionuclide contained in each type of product/model.

For further information on the requirements concerning annual reports of the distribution of exempt quantities, please see the attached Regulatory Information Summary. Also, please feel free to contact me with further questions.

Kind regards,
Eric
