Dear Mr. Renquist,

I've reviewed your exempt distribution report dated 30 January 2015.

Your report provides information concerning distributions that were made under 10 CFR 32.18. The regulations in 10 CFR 32.20 give the reporting requirements for such distributions. However, you did not address distributions that were made under 10 CFR 32.14 as required by 10 CFR 32.16. Please note that even if no distributions were made under 10 CFR 32.14, your report must indicate this fact as required by 10 CFR 32.16(d). Please revise and resubmit your report to address distributions that were made under 10 CFR 32.14 in 2014. Further information about the requirements that apply to annual reports of exempt distribution can be found in the attached Regulatory Issue Summary.

A hard copy of your revised report should be addressed and sent to:

ATTN: Document Control Desk/Exempt Distribution
Director, Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Please be aware that upon your request, proprietary information submitted to the NRC may be withheld from public disclosure. To do this, you must follow the procedures in 10 CFR 2.390(b) including requesting withholding at the time the information is submitted and complying with the document marking and affidavit requirements set forth in 10 CFR 2.390 (b)(1).

If you have any questions, please feel free to contact me.

Regards,

Eric
