

WHILE THIS COVER PAGE IS PART OF THE FERMI 3 UFSAR, IT IS NOT PART OF UFSAR TIER 1. IT IS INCLUDED HERE TO PROVIDE INFORMATION ABOUT THE UFSAR TIER 1 DOCUMENT.

The Tier 1 material from the ESBWR Design Control Document (DCD) has been transferred to the Fermi Unit 3 UFSAR. No changes have been made to the text, tables, or figures. The only changes made have been to add headers and footers indicating that the Tier 1 material is now part of the Fermi Unit 3 UFSAR, and to change the page numbering format to be consistent with the remainder of the Fermi Unit 3 UFSAR.
