Expiration date April 30, 2017

To Whom It May Concern:

We are requesting an amendment to our Materials License #21-26281-02. We would like to change Item #9 (Authorized Use) A&B which states: "To be used in Troxler Electronic Laboratories Model No. 3430 portable gauging devices for measuring physical properties of materials", so that we may purchase or rent other Troxler Electronic Laboratory Models or other manufacturer's compatible portable gauging devices with the same radioactive sealed sources as approved in our current Materials License.

Please do not hesitate to contact us if you have any questions.

Very truly yours,

NORDLUND & ASSOCIATES, INC.

James Dillingham
Radiation Safety Officer
