Dear Ms. Semerena:

The U.S. Nuclear Regulatory Commission (NRC) uses the Integrated Materials Performance Evaluation Program (IMPEP) for the evaluation of Agreement State programs. Per our previous discussion, I will be the team leader for the IMPEP review of the Nebraska Agreement State Program scheduled for January 11-15, 2016. The review was rescheduled due to team scheduling conflicts. The review team will include Randy Erickson from the NRC Region IV office, Robin Elliott from the NRC Region I office, and Brian Goretzki from the State of Arizona.

The "Integrated Materials Performance Evaluation Program Questionnaire" was previously provided to Julia Schmitt electronically on July 7, 2015. I ask that you send your responses via e-mail to james.lynch@nrc.gov by December 28, 2015. I sent the questionnaire in advance of this IMPEP review scheduling letter, in order to provide time for you to allocate the staff resources necessary to complete the document by the requested date. I encourage you to use electronic documents and provide them in advance of the review to the extent possible, to allow team members to better prepare for the onsite review.

Also included with the questionnaire is the document "Materials Requested to Be Available for the On-Site Portion of an IMPEP Review." We encourage States to have the items listed prepared prior to the IMPEP team's arrival.

I request that you set up an appointment with the appropriate State Senior Managers to discuss the results of the IMPEP review of the Nebraska Agreement State Program on January 15, 2016.

If you have any questions, please call me at 630-829-9661.

Sincerely,

/RA/
