SUBJECT: NAVITUS ENGINEERING, INC., NEW LICENSE, CONTROL NO. 588703

Dear Mr. Smith:

This refers to your application dated August 31, 2015, and the revised application dated October 14, 2015, for an NRC license. Enclosed with this letter is the requested license. Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

Please note that the NRC policy requires that all correspondence related to a license be signed by a member of the licensee's senior management rather than the Radiation Safety Office or a consultant. The NRC views a document signed by a management representative as indication that the management has reviewed the correspondence and concurs in the statements and representations contained therein. Your compliance with this policy will assist us in responding to your correspondence in a timely manner.

The NRC is required to have your Taxpayer Identification Number in order to make payments (refunds). Please complete the enclosed NRC Form 531, "Request for Taxpayer Identification Number" and mail to the address at the bottom of the form (Note 5).

The NRC expects licensees to conduct their programs with meticulous attention to detail and high standards of safety and compliance. Serious consequences to employees and the public can result from failure to comply with NRC requirements, therefore you must conduct your program according to NRC regulations, the conditions of your NRC license, and the representations made in your application.

You will be periodically inspected by the NRC. Failure to conduct your program safely and in accordance with NRC regulations, license conditions, and the representations made in your license application and supplemental correspondence with NRC will result in enforcement action against you. This could include issuance of a notice of violation, imposition of a civil penalty, or an order suspending, modifying or revoking your license.

M. Smith
