Ms. Henderson,

We are submitting the final rules to the NRC for your review to ensure that they are compatible with NRC regulations. The rules were amended in accordance with RATS ID number 2012-4. A chart to aid you in cross referencing the Ohio rules to the applicable NRC regulations is attached. The draft Ohio rules were reviewed by the NRC with no comments. The final Ohio rules can be found at <http://www.odh.ohio.gov/rules/final/37011/37011-40.aspx> and <http://www.odh.ohio.gov/rules/final/37011/37011-46.aspx>

We believe that these Ohio rules satisfy the compatibility and health and safety categories established in the Federal and State Materials and Environmental Management Programs procedure SA-200.

If you have any questions, please feel free to contact me at 614-644-2732.

Sincerely,

Michael Snee  
Radiation Protection  
Ohio Department of Health
