General Comment

the NRC is doing the citizens of the US and the entire population of this planet ANOTHER grave disservice by attempting to provide cover to the completely debunked nuclear power & weapons proliferation industry's dangerous nonsense that there is some "safe" level of exposure to radioactivity

THERE IS NO SAFE LEVEL OF EXPOSURE TO RADIOACTIVITY!

Do not attempt to lie to the American people by promoting the absolutely false claim that the "acceptable" level of exposure should be raised

the NRC should be ashamed of itself for the disservice it continues to do to the citizens of the USA & the planet as a whole
