Subject: From NRC: The Bootheel Project question

Mr. Wallis:

The Nuclear Regulatory Commission (NRC) is attempting to update its list of Major Uranium Recovery Licensing Applications on our website. The Bootheel Project is currently listed as a possible project with a letter of intent dated August 9, 2010. Our application list can be found at:

<http://www.nrc.gov/materials/uranium-recovery/license-apps/ur-projects-list-public.pdf>

The last information we have from The Bootheel Project, LLC, is a letter of intent from you to Mr. Charles L. Miller, NRC, Director, Office of Federal and State Materials and Environmental Programs. We intend to remove The Bootheel Project from our list of Major Uranium Recovery Licensing Applications if we do not hear from you within 30 days of the date of this e-mail.

I am also copying the e-mail addresses of those listed for contact information under "Questions" in a presentation given to NRC staff on August 9, 2010, as they may be able to provide and update as to the status of this project.

Sincerely;

Ron C. Linton
