RE: Central Vermont Medical Center
License # 44-13353-01 03003292

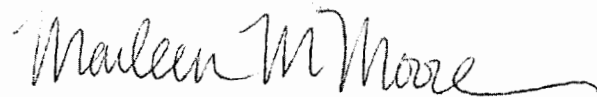

Please amend our radioactive materials license to remove I-125 sealed sources for prostate seed implants, as given in Item 6,7,8 and 9 C of our license. The last prostate seed implant was performed on May 21, 2013 and the single remaining seed was returned to Bard. Thus, no I-125 sealed source seeds are currently on site. Together with this, please remove Daniel K. Fram, M.D. and H. James Wallace, M. D. as authorized users for 35,400 uses.

Thank you for your attention to this. If there are questions please contact Marleen M. Moore, M.S., Radiation Safety Officer, at (802) 847-3506. If possible, all correspondence should be copied to Marleen Moore, M.S., Garden Pavilion, ACC 2, University of Vermont Medical Center

Sincerely,

Nancy Lothian
