**RE: C&J Spec-Rent Services, Inc.'s Application for a Nuclear Regulatory Commission License**

Dear Ms. Hanson:

As you know, C&J Spec-Rent Services, Inc. ("C&J") is applying for a Nuclear Regulatory Commission ("NRC") License. This letter is to explain the relationship between C&J, "C&J Energy Services," and "Casedhole Solutions." C&J uses "C&J Energy Services" and "Casedhole Solutions" as trade names from time to time when C&J provides services to its customers, some of which involve assets regulated by the NRC in states under its direct jurisdiction. C&J is the legal entity that provides these services, while "C&J Energy Services" and "Casedhole Solutions" are the trade names that are outwardly visible to C&J's customers.

For the avoidance of doubt, C&J's personnel manage and direct operations provided under the "C&J Energy Services" and "Casedhole Solutions" trade names, regardless of which trade name is used. Enclosed for your consideration is a truncated organizational chart which shows the structure of the C&J family of companies and brands, as well as a chart depicting the management structure in charge of C&J's regulated assets.

Please feel free to contact me at [ckell@cjenergy.com](mailto:ckell@cjenergy.com) or (713) 325-6091 should you have any questions or concerns. We appreciate your consideration in this regard.
