Subject: Renewal Application

Ms. Stemen,

I'm Michael Reichard of the NRC and I've been reviewing your renewal application. I apologize for not contacting you by telephone first, but you're out of the office this week, and I'll be out of the office next week. To complete the renewal, I need two additional items from you. Please include a signed cover letter. If possible, please scan it and email to me at this email address.

- 1) Please fill out Appendix C of NURG-1556, Vol. 5, which can be found at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/v5/>. All you need to do is print the appendix and check the appropriate boxes, generically committing to the guidance. Please don't be an overachiever and rewrite it. Printing it and checking the appropriate boxes by hand is fine.
- 2) Please submit the disposal documentation for the Co-60 sources, currently listed as item BBB on your license.

Again, I'll be out of the office next week for work, and won't be able to easily review this with you. If you have any questions, it would be better for me if we could discuss things the week of October 19th.

Thank you for your attention,

Michael Reichard
