Dear Sir:

Please amend Byproduct material license no. 07-35021-01 for an additional location of use. The new location of use is at:

1011n Matlind Way,  
Milford Business Park

Enclosed is a copy of the facility diagram. All procedures as listed on this license will be followed.

I am requesting an expedited review of this request as the imaging equipment is installed and there are patients waiting for studies to be performed. The equipment will be installed in mid-December, and we want to start patient studies the first week of January at this location of use.

If there are any questions please call our physicist / RSO Ray A. Carlson, MS at (734) 455-4730 office or (734) 395-7361 cell.
