Watts Bar Unit 2 Operating License

On October 22, 2015, the Director of NRR issued the Watts Bar Unit 2 operating license to the Tennessee Valley Authority. In 2008, the staff reactivated the Watts Bar 2 licensing review after a 20 year construction hiatus. Watts Bar Unit 2 is the first reactor to receive an operating license under Title 10 of the *Code of Federal Regulations*, Part 50, since Watts Bar Unit 1 did in 1996. The staff will continue inspections and oversight during fuel load and start-up activities as Watts Bar transitions to dual-unit operation.
