Subject: [External_Sender] Comment extension nrc-2015-0057

Sirs, would like to request that the comment period for this rule making be reopened and extended for at least 90 days. I just found out about the petition despite the fact that I am very involved in radiation health issues and represent numerous individuals and business that have been effected by radiation. This is a very significant petition that has not received the broad public notice it deserves. It seek to upend over 60 years of regulatory law that has sought to prevent over exposure to radiation. Your considerations would be much appreciated.

Please advise.
